Participate **in ICO** quick and easy with Citowise wallet

Download wallet and Create new address

Go to Play market and search there for Citowise. You will quickly find the right result ;)

Send ETH from any exchange to address in your wallet

Many ICO participation guides are telling you NOT to send money from exchange to ICO. They mean this step. Send you money to your wallet first and then to ICO. Now your tokens will be assigned correctly.

Check out our ICO list and find the one you like

You can participate in any other ICO by just scanning its QR address

Send money and wait for your tokens

Some ICO's are assigning you tokens immediately, some are doing that after campaign is finished. Check out ICO details.
